

THE UNITED STATES BANKRUPTCY COURT
SOUTHERN DISTRICT OF TEXAS
HOUSTON DIVISION

In re: §
§
Royce J. Hassell § Case No. 19-30694
§
Debtor. § (Chapter 11)

**DECLARATION OF JIM M. PERDUE, JR. IN SUPPORT OF THE DEBTOR'S
APPLICATION TO EMPLOY PERDUE & KIDD**

I, Jim M. Perdue, Jr., declare and state under penalty of perjury as follows:

1. I am a partner of the law firm Perdue & Kidd ("PK" or "Firm") with offices at 777 Post Oak Blvd. Suite 450, Houston, Texas 77056.
2. I am an attorney licensed to practice in the State of Texas with bar card number 00788180. I am Board Certified by the Texas Board of Legal Specialization in Personal Injury Law and in Medical Professional Liability by the American Board of Professional Liability Attorneys. A copy of biography detailing my experience and qualifications can be found at <https://www.perdueandkidd.com/lawyers/jim-m-perdue-jr/> and is attached hereto as Exhibit "A."
3. PK and its attorneys have extensive experience in cases involving personal injury and defective medical devices. PK is well qualified to represent the Debtor in this matter.
4. I caused PK to conduct a conflict check to determine if PK had any conflict that would prevent representation of the Debtor in this matter. No conflicts were discovered.
5. Additionally, to the best of my knowledge, except as set forth below, the Firm has no "connections" to the Debtor, his creditors, other parties-in-interest appearing on the mailing matrix, the schedules and statement of financial affairs, their respective attorneys and accountants, the United States Trustee and all persons employed in the office of the United States Trustee.
 - a. As attorneys in this District, PK's partners have regular professional interactions with other attorneys in the community. Those interactions are not related to this case.

- b. Royce Hassell's general bankruptcy counsel, Erin E. Jones, was a student in a course that I taught as adjunct faculty at the University of Houston Law Center in the late 1990's. Ms. Jones is not a referring attorney in this matter. This connection is not related to this case.
6. PK does not have a pre-petition claim against the Debtor.
7. Based on the foregoing diligence, I believe the firm is a "disinterested person" as that term is defined in the Bankruptcy Code. PK neither holds nor represents any interest adverse to the Debtor in this case. Likewise, PK neither holds nor represents any adverse interest with respect to the matter for which PK will be employed.
8. If the Firm learns of a conflict of interest or other "connection" in the future, it will disclose such conflict or connection to the Court and take all appropriate action.
9. The Firm has not entered into any agreement to share fees.
10. PK is being retained on a contingent fee basis to represent the Debtor for the personal injury claims arising out of injuries and damages as a result of an IVC Filter implantation and subsequent complications. In consideration of the services to be rendered for the Debtor, the Firm would receive 40% of the gross amount received in settlement or judgment of the Debtor's claims and 45% after an appeal is initiated. The Firm would also be entitled to recover its reasonable and necessary expenses associated with the representation of the Debtor. In the event there is no recovery on behalf of the Debtor, no fees or expenses are owed to the Firm. This fee arrangement is reasonable and customary within this district and nationwide for similar services.
